

NAVAREAS and master-stations

The world oceans are divided into different NAVAREAS. The transmitting times of the NAVTEX stations in the NAVAREAS are co-ordinated. Thus disturbances, which can result from simultaneous sending of several stations, are avoided.

For the following information no guarantee can be taken over, since it constantly comes to changes in the transmission plans and there is hardly any official information.

Stations in NAVAREA 1

518 kHz (international)

Code	Station	Latitude	Longitude	Time (UTC)
B	Bodø (NOR)	67° 16' N	14° 29' E	00:10, 04:10, 08:10, 12:10, 16:10, 20:10
